

Curriculum Vitae
Timothy Edward Higham
Updated October 4, 2016

Associate Professor
Department of Biology
University of California, Riverside
Riverside, CA 92521

Phone: 951-827-3652
Fax: 951-827-4286
thigham@ucr.edu

ACADEMIC POSITIONS:

2015 to present: Associate professor, University of California, Riverside
2011 to 2015: Assistant professor, University of California, Riverside
2008 to 2011: Assistant professor, Clemson University

POST-DOCTORAL:

2006 to 2008: Harvard University. Advisor: Andrew Biewener

EDUCATION:

2006: Ph.D. University of California, Davis. Advisor: Peter C. Wainwright
2003: M.S. University of Cincinnati. Advisor: Bruce C. Jayne
2000: B.S. University of Calgary. Zoology

PUBLICATIONS:

- 72) **Higham, T.E.**, C.E. Collins, G. Freymiller, M. Whitford, and R.W. Clark. In Review. Three-dimensional *in situ* predator-prey interactions between rattlesnakes and kangaroo rats: strike accuracy, evasive maneuvers, and extreme performance. *Biology Letters*.
- 71) Kane, E.A. and **T.E. Higham**. In Review. Integration of functional systems across space and time: An example using modulation of suction feeding in bluegill sunfish (*Lepomis macrochirus*). *American Naturalist*.
- 70) Foster, K.L. and **T.E. Higham**. In Review. Integrating gastrocnemius force-length properties, in vivo activation, and operating lengths reveals how *Anolis* deal with ecological challenges. *Journal of Experimental Biology*.
- 69) Jagnandan, K. and **T.E. Higham**. In Review. Rapid changes in mass and terrestrial locomotion: Muscle function and mechanics of a natural perturbation. *Proceedings of the Royal Society B*.
- 68) Birn-Jeffery, A. and **T.E. Higham**. 2016. Light level impacts locomotor biomechanics in a secondarily diurnal gecko, *Rhoptropus afer*. *Journal of Experimental Biology*. In Press.
- 67) **Higham, T.E.**, T. Gamble, and A.P. Russell. 2016. On the origin of frictional adhesion in geckos: small morphological changes lead to a major biomechanical transition in the genus *Gonatodes*. *Biological Journal of the Linnean Society*. In press.
- 66) **Higham, T.E.**, S.M. Rogers, R.B. Langerhans, H.A. Jamniczky, G.V. Lauder, W.J. Stewart, C.H. Martin, and D.N. Reznick. 2016. Speciation through the lens of biomechanics: locomotion, prey capture, and reproductive isolation. *Proceedings of the Royal Society B*. 283, 20161294.

- 65) Gillis, G. and **T.E. Higham**. 2016. Consequences of lost endings: caudal autotomy as a lens for focusing attention on tail function during locomotion. *Journal of Experimental Biology*. 219, 2416-2422.
- 64) Zhuang, M.V. and **T.E. Higham**. 2016. Arboreal day geckos (*Phelsuma madagascariensis*) modulate their fore- and hind limb kinematics differentially in response to changes in habitat structure. *PLoS ONE*. doi: 10.1371/journal.pone.0153520
- 63) Birn-Jeffery, A. and **T.E. Higham**. 2016. Geckos decouple fore- and hind limb kinematics in response to changes in incline. *Frontiers in Zoology*. 13:11, DOI 10.1186/s12983-016-0144-2.

FELLOWSHIPS AND AWARDS:

2016: UCR Academic Senate Grant (\$5,000)

2015: GAANN Fellowship (Acting Program Director).

2015: Junior Excellence in Teaching Award (JET) – Honoree Select. UC Riverside.

2014: Meeting grant from the Company of Biologists (\$3,130)

2013-2015: UC MEXUS Small Grant (\$1,500).

2013: Meeting grant from the Company of Biologists (\$4,630).

2012 – 2016: NSF Fellowship (\$420,000). Locomotion and adhesion in geckos: The link between ecology, form, and function. Awarded by the Physiological and Structural Systems Cluster in the Division of Integrative and Organismal Systems (IOS). Award Number: 1147043.

2012: Meeting grant from the Company of Biologists (\$2,300).

2010: University Research Grant Committee (URGC) award (\$7,346).

2008: NSERC postdoctoral fellowship (\$80,000 – declined)

2006: *Journal of Experimental Biology* Traveling Fellowship (\$3,300).

2006: William S. Hoar Award for best student oral presentation at the 2006 annual meeting of the Canadian Society of Zoologists (\$500).

2006: Fellowship for travel to the 2006 annual meeting of the Canadian Society of Zoologists (\$300).

2004: UC Davis Graduate fellowship (\$14,000).

2003: UC Davis Graduate fellowship (\$21,500).

2003: University of Cincinnati Harry L. Wieman Summer Fellowship (\$1,100).

2002: University of Cincinnati Harry L. Wieman Summer Fellowship (\$1,000).

INVITED SEMINARS:

2016: Scripps Institution of Oceanography, UC San Diego.

2016: University of Hawai'i at Mānoa, Department of Biology.

2016: La Sierra University, Department of Biology.

2014: University of Calgary. Department of Biological Sciences.

2013: San Diego State University. Biology Department.

2013: Claremont Colleges. Keck Science Department.

2013: California State University, San Bernardino. Department of Biology.

2013: University of Alabama, Department of Biological Sciences.
2011: University of California, Irvine. School of Biological Sciences.
2011: California State University, Long Beach. Biological Sciences.
2011: University of California, Riverside. Department of Cell Biology and Neuroscience.
2011: Bamfield Marine Sciences Centre. Evening seminar series.
2011: University of Calgary. Department of Comparative Biology and Experimental Medicine.
2011: University of Regina. Department of Biology.
2011: University of California, Riverside. Department of Biology.
2009: Simon Fraser University. Department of Biomedical Physiology and Kinesiology.
2009: University of British Columbia. Department of Zoology.
2008: College of Charleston. Department of Biology.
2008: Georgia Southern University. Department of Biology.
2008: Clemson University. Environmental Toxicology.
2008: Clemson University. Department of Biological Sciences.
2008: University of Wyoming. Department of Zoology and Physiology.
2007: University of Missouri-Columbia. Integrative Anatomy.
2007: University of Guelph. Department of Biomedical Sciences.
2005: University of California, Davis. Molecular, Cellular and Integrative Physiology.

2006: Inside JEB (The Journal of Experimental Biology **209(14)**, iii)
2005: Inside JEB (The Journal of Experimental Biology **208(14)**, iii)

TEACHING EXPERIENCE:

Invited instructor, **Functional Ecology**, Bamfield Marine Sciences Centre, Vancouver Island, Canada, Summer 2016.

Instructor, **Introduction to Organismal Biology** (BIOL 5B), UC Riverside, 2015-2017 (co-taught with Lou Santiago).

Invited instructor, **Biology of Marine Fishes**, Bamfield Marine Sciences Centre, Vancouver Island, Canada, Summer, 2009, 2011, and 2015 (co-taught with Sean Rogers from the University of Calgary).

Instructor, **Functional Anatomy of the Vertebrates** (BIOL 161B), UC Riverside, 2012-2017 (co-taught with Ken Halama and Christopher Clark).

Instructor, **Comparative Biomechanics** (BIOL 176), UC Riverside, 2013-2017.

Invited instructor, **Comparative Biomechanics**, Bamfield Marine Sciences Centre, Vancouver Island, Canada, Summer, 2010, 2012, 2014.

See <http://www.bms.bc.ca/university/courses2010/2010profiles/biomechanics.html> for example of course.

Instructor, **Evolutionary Physiology** (EEOB 220), UC Riverside, 2012 & 2014 (co-taught with Ted Garland).

Instructor and lab coordinator, **Comparative Physiology** (BIOSC 475), Clemson University, 2009, 2010.

Instructor and lab coordinator, **Herpetology** (BIOSC 468), Clemson University, 2011.

Instructor and lab coordinator, **Ichthyology** (BIOSC 477), Clemson University, 2009.

Guest lecturer, **Comparative Biomechanics** (OEB 173), Harvard University, 2008.

Teaching fellow, **Independent Research** (OEB 121A), Harvard University, 2007. This course involves mentoring undergraduate research projects. Students work with me to carry out independent projects in the area of muscle physiology.

Teaching assistant, **Systemic Physiology**, University of California, Davis, 2004-2006. Ran weekly labs and gave weekly lectures. Labs involved dissections and physiological experiments involving major physiological systems. Grading involved weekly quizzes and lab reports.

Teaching assistant, **Comparative Vertebrate Anatomy**, University of Cincinnati, 2002-2003. Ran weekly labs involving dissection and vertebrate classification. Generated and graded comprehensive laboratory examinations.

Teaching assistant, **Anatomy and Physiology**, University of Cincinnati, 2000-2003. Ran weekly labs involving extensive cat dissections.

Teaching assistant, **Freshman Biology**, University of Cincinnati, 2000. Ran weekly labs involving introductory biological experiments. Grading involved quizzes and lab reports.

FIELD WORK:

2015: French Guiana

2009-2016: Bamfield Marine Sciences Centre, Vancouver.

2010-2016: Namibia (Gobabeb, Swakopmund, Spitzkoppe)

2012-2015: Trinidad & Tobago

2012: Baja, California

2012: Western and Eastern Cape, South Africa.

2012-2013: Mojave Desert, USA

2000: Discovery Bay Marine Laboratory, Jamaica: Collected data regarding habitat use in *Anolis* lizards.

2000: Mojave Desert, USA: Studied and collected desert lizards.

1999: Monkey River, Belize: Studied the locomotor behavior of howler monkeys.

LAB MEMBERS:

Postdoctoral fellows:

William Stewart (April 2013 – August 2014; now Assistant Professor at the University of Northern Florida)
Aleksandra Birn-Jeffery (December 2012 – August 2014; now a postdoc with Walter Federle at the University of Cambridge)
Andrew Clark (August 2009 – July 2010; now an assistant professor at the College of Charleston)

Graduate students:

Emily Naylor (August, 2015 - present) – PhD
Jessica Tingle (August, 2015 - present) - PhD
Kevin Jagnandan (August, 2012 - present) – PhD
Vicky Zhuang (August, 2012 - present) – PhD
Clint Collins (August, 2012 - present) - PhD
Kathleen Foster (August, 2010 – 2016) – PhD (now postdoctoral fellow at the University of Ottawa)
Emily Kane (August 2009 – 2014) - PhD (now NSF postdoctoral fellow at Colorado State University)
Jeff Olberding (July, 2010 – June 2013) – MS (now PhD student at the University of South Florida)

Undergraduates:

Azeem Rahman (2015 - 2016)
Jennifer Shedden (2014 – 2016)
Angelyn Nepacena (2013 – 2016)
Jessica Vivas (2014 – 2015)
Joseph Soquiat (2013 – 2015)
Steven Torres (2014)
Shayan Amiri (2013 – 2014)
Amy Cheu (2013 – 2014; starting her PhD at Clark University with Philip Bergmann in Fall 2015)
Cindy Olivas (2013 – 2014)
Amir Azamian (2013 – 2014)
Kevin Dinh (2012 – 2014)
Stephanie Valiente (2012 – 2013)
Sofia Iribarren (2012 – 2013)
Stephen Cabalatungan (2012)
Daryl Cheung (2012)
Stacy Tran (2012)
Clare O'Brien (2012)
Zachary Zboch (2011)
Christine Dumler (2010-2011)
Alice Goodman (2010-2011)
Erin Patten (2010)
Patrick Fuller, Undergraduate (2009-2010; Now Ph.D. student at UC Davis with Peter Wainwright)
Heidi Lindler, Undergraduate (2009)
Katelyn Doerr, Undergraduate (2009)
Danielle Hulsey, Undergraduate (2009)

PROFESSIONAL ACTIVITIES:

2016-2017: Elected as chair of the **Comparative Morphology & Development** section of the Canadian Society of Zoologists.

2015: Organized a symposium (with Rich Palmer) for the annual meeting of the Canadian Society of Zoologists (Calgary, Canada) titled "From head to toe: Integrative vertebrate morphology and evolution". See <http://www.biology.ualberta.ca/CMD/home.htm> for more information.

2015: Organized a symposium (with Rich Palmer) for the annual meeting of the Canadian Society of Zoologists (Calgary, Canada) titled "Ten Years of The Triple Helix: Development, Morphology, Evolution". See <http://www.biology.ualberta.ca/CMD/home.htm> for more information.

2015: Organized a symposium (with Peter Wainwright) for the annual meeting of the Society for Integrative and Comparative Biology (West Palm Beach, Florida) titled "New insights into suction feeding biomechanics and evolution". See <http://www.sicb.org/meetings/2015/symposia/index.php> for more information.

2014: Became co-editor of ***Physiological and Biochemical Zoology***.

2014: Organized a symposium (with Rick Blob) for the annual meeting of the Society for Integrative and Comparative Biology (Austin, Texas) titled "Terrestrial locomotion: Where do we stand, where are going?" See <http://www.sicb.org/meetings/2014/symposia/locomotion.php> for more information.

2013: Organized a regional SICB conference at the University of California, Riverside. Conference consisted of 80 scientists from the SW representing the Divisions of Vertebrate Morphology and Comparative Biomechanics. See <http://www.biomechanics.ucr.edu/ucr2013/> for more information.

2013: Elected to the Executive Council of the **Canadian Society of Zoologists**.

2013: Organized a symposium (with Ted Garland) for the International Congress of Vertebrate Morphology (Barcelona, Spain) titled "The evolution of locomotion: reciprocal illumination from a diversity of approaches".

2013: Organized a symposium (with Anthony Herrel) for the International Congress of Vertebrate Morphology (Barcelona, Spain) titled "Sticks, stones, and slopes: the link between substrate characteristics, morphology, and biomechanics".

2012: Invited to join ***Functional Ecology*** as an editor.

2012: Organized a symposium (with Anthony Russell) for the World Congress of Herpetology (Vancouver, Canada) titled "Caudal Autotomy and Regeneration in Lizards: Patterns, Costs, and Benefits".

2011: Elected as Secretary of the Division of Comparative Biomechanics of the **Society for Integrative and Comparative Biology**.

2011-2014: Editorial board member of the ***Journal of Evolutionary Biology***.

2010: Guest Editor (with Andrew Biewener) for a ***Philosophical Transactions of the Royal Society B*** theme issue titled "Integration of muscle function for producing and controlling movement". Volume 366, issue 1570, April 2011.

2010: Organized a symposium (with Andrew Biewener) for the annual meeting of the American Physiological Society (Westminster, Colorado) titled "Off the beaten path: Integrative aspects of muscle function during locomotion".

2007: Organized a symposium (with Peter Wainwright) for the annual meeting of the Society for Integrative and Comparative Biology (Phoenix, Arizona) titled "The evolution of feeding mechanisms in vertebrates".

Reviewed manuscripts for the following journals:

Behavioural Processes
Biological Bulletin

Biological Journal of the Linnean Society
Biology Letters
Bulletin of the Museum of Comparative Zoology
Canadian Journal of Zoology
Ecology
Evolution
Experimental Neurology
Functional Ecology
Journal of Arid Environments
Journal of Biomechanics
Journal of Comparative Physiology A
Journal of Evolutionary Biology
Journal of Experimental Biology
Journal of Experimental Zoology A
Journal of Herpetology
Journal of Fish Biology
Journal of the Royal Society Interface
Limnology and Oceanography
Naturwissenschaften
North American Journal of Fisheries Management
Physiological and Biochemical Zoology
PLoS ONE
Proceedings of the Royal Society B
Zoology

Member of:

African Herpetological Association
Canadian Society of Zoologists
Society for Experimental Biology
Society for Integrative and Comparative Biology

Service:

Graduate Advisor for joint doctoral program between UC Riverside and SDSU (2016-present)
Vice Chair of IACUC at UC Riverside (2016 - present)
Member of the IACUC at UC Riverside (2015 - present)
Faculty Search Committee for Community Ecology at UC Riverside (2015-2016)
GAANN Advisory Committee (2015 - Present)
Graduate advisor for admissions, Evolution, Ecology and Organismal Biology (2015 – Present)
Institutional Animal Care and Use Committee, UC Riverside (2015 – Present)
Graduate Written Exam Committee, UC Riverside (2014 – Present)
University of California Education Abroad Program Faculty Advisory Committee for Africa (2015 – Present)
Ad hoc committee for the Shipley-Skinner grants at UC Riverside (2015)
Committee on Scholarships and Honors at UC Riverside (2014 – present)
Ad hoc committee for merit advances at UC Riverside (2013 – present)
UC Riverside Natural Reserve System Advisory Committee (2013 – present)
Committee for Continuing Graduate Students at UC Riverside (2012 – 2015)
Faculty Search Committee for Behavioral Ecologist at UC Riverside (2012)
EEOB Program Committee at UC Riverside (2011 – present)
Chair of Seminar Organizing Committee at UC Riverside (2012 – 2014)
Mathias Award Committee at UC Riverside (2011)
Curriculum Committee at Clemson University (2010 – 2011)
Seminar Committee at Clemson University (2010 – 2011)

VOLUNTEER ACTIVITIES:

2014: Riverside Metropolitan Museum outreach all-day event. This event, termed “Animal Olympics”, highlighted the research in the Higham Lab by performing exercises and presentations.

2013: Animal Superpowers outreach event for grades K-6 at Alcott Elementary in Riverside, CA.

2013: Session chair at the International Congress of Vertebrate Morphology (ICVM) in Barcelona, Spain.

2013: Session chair at the annual meeting of the Canadian Society of Zoologists in Guelph, Ontario, Canada.

2013: Volunteer teaching at Alcott Elementary in Riverside, CA.

2011: Judge for the Best Poster Award of the CBP section of the Canadian Society of Zoologists, Ottawa, Ontario, Canada.

2010: Judge for the Division of Vertebrate Morphology and the Division of Comparative Biomechanics at the annual meeting of the Society for Integrative and Comparative Biology in Seattle, WA.

2010: Session chair at the annual meeting of the Society for Integrative and Comparative Biology in Seattle, WA

2007: Presenter and judge for Boston Latin School Science Fair
